# When We Ruled Study Guide & Reading Plan

## Synopsis

Why You Should Be Reading This Study Guide • Do you want to master your history? • Do you teach or lecture on Black or African history? As part of my mission to popularise Black or African history, it is clear that the premier book on that history, *When We Ruled*, needs an equally premier learning resource. This study guide and 60 day reading plan is an essential resource for students and lecturers of Black or African History. If you follow this guide alongside *When We Ruled*: • You will gain mastery over Black or African History • Your knowledge will be the envy of your friends and family • Learning your history will skyrocket your confidence and esteem • Your interest in all areas of human culture will dramatically increase • You will have a vast reserve of information to pass on to your children Even after just 15 days of reading and study, I promise that you will know more Black or African history than 90% of people who claim to be knowledgeable in this area! One part of this guide is a 60 day plan to read and learn the contents of *When We Ruled*. The guide suggests what pages should be read each day and contains test questions for you to answer. Another part of this guide divides Black or African History into 42 key themes in approximately chronological order similar to how a lecturer or teacher may set out a history course. Aimed at teachers and lecturers, it suggests what pages should be read and also recommends additional books that you or your students could profitably learn from. Robin Walker

## Customer Reviews

The book is truly informative and there are pictures to aid in the literature that are invaluable. I'd like to give it four because I have about 90 pages that are in upside down and numerically backwards

but that is not the author's fault but the publishers. The quality of the writing is superior and deserves to be read by everyone of any culture and therefore it is definitely five star quality.

Gives strong information on the history of kings who ruled , in places that I didn't know .will definitely pass on the knowledge

The review was received new and on-time as promised. This study guide helps the reader break the chapters down into smaller portions to allow you to read the book in approximately 60 days.

Truth and an excellent edition to anyone's Library. Thank you to author Robin Walker for doing the work.

An excellent and vast coverage of cultural information.

The guide makes going through the book manageable and the questions really help you to learn and retain the information provided.

This was not what I thought it was but it was my fault for not realizing it was a study guide and not the real book itself.
