The Wild Muir: Twenty-Two Of John Muir's Greatest Adventures

Synopsis

Here is an entertaining collection of John Muir's most exciting adventures, representing some of his finest writing. From the famous avalanche ride off the rim of Yosemite Valley to his night spent weathering a windstorm at the top of a tree to death-defying falls on Alaskan glaciers, the renowned outdoorsman's exploits are related in passages that are by turns exhilarating, unnerving, dizzying, and outrageous.

Book Information

Paperback: 224 pages

Publisher: Yosemite Conservancy (March 12, 2013)

Customer Reviews

Lee Stetson, an actor who regularly has played Muir in Yosemite, compiled these 22 tales in this very readable, short book which I obtained in Tuolumne meadows visitor center in Yosemite National Forest. The Wild Muir has been on my wish list for a long time, so glad I bought my copy in the heart of Muir Territory, where one cannot escape some mention of his name in the many trails and areas he regularly trekked through. What a nice backyard, I constantly repeated to myself while hiking several days at Tuolumne! Every twist and turn of the trails revealed a new, pristine vista that the best panoramic camera could not capture. I felt like I needed a 360 degree camera to capture the beauty of this place, but I don't think anybody makes those these days! Muir expressed these same feelings when he writes: "Pursuing my lonely way down the valley, I turned again and again to gaze on the glorious picture, throwing up my arms to inclose it as in a frame. After long ages of growth in the darkness beneath the glaciers, through sunshine and storms, it seemed now to be ready and waiting for the elected artist, like yellow wheat for the reaper; and I could not help wishing that I were that artist. I had to be content, however, to take it into my soul." It was here in Tuolumne

and Yosemite that Muir would gather those who shared his desire to preserve this wilderness area like Theodore Roosevelt and others, and thankfully, they did just that. The waters still as clear as crystal, teeming still with trout. Muir's "scootchies" began as a child in Dunbar, Scotland, his mountaineering prowess seemingly inbred, though his brother David, seems not to have shared the same level of fearfulness.
