Midnight Sacrifice

Synopsis

Wall Street Journal bestselling author Melinda Leigh returns with a follow-up thriller that USA Today called "an impeccable, unpredictable package of suspense, mystery, romance, and passion." One by one, people are mysteriously disappearing from a small Maine town. Four months ago, a ruthless murderer killed two people and kidnapped three more, including Danny Sullivan's sister, who barely escaped. Unfortunately so did the killer, vanishing without a trace into the vast wilderness. When the police fail to find his sister's captor, Danny returns to Maine to hunt him down. He begins his search with another survivor, bed and breakfast owner Mandy Brown, but her refusal to cooperate raises Danny's suspicions. What is the beautiful innkeeper hiding? Mandy Brown has a secret. But sexy Danny Sullivan, his relentless questions, and the feelings that grow between them threaten to expose the truth. A revelation that puts her family in danger. As more people disappear, it becomes clear the killer is planning another ritual—and that he's circling in on Mandy.

A killer is on the loose near the small town of Huntsville, Maine. Four months ago, he ritualistically

killed two people and kidnapped three others. Unfortunately, he escaped and his whereabouts has stymied the police. Danny Sullivan's sister, Jayne, was kidnapped by the killer and narrowly escaped. Jayne is again at home in Philadelphia but lives in fear that the killer will find her. Frustrated, Danny returns to Huntsville determined to track down the killer. Although Danny did not rescue Jayne, he did save Mandy Brown, Huntsville's bed and breakfast owner, from an attack by the killer. Danny is attracted to Mandy. Nonetheless, Mandy is the logical person for him to begin his investigation. He is perplexed by her unwillingness to answer his questions. What does she have to hide? Mandy does have a secret that could destroy her family. She unwittingly had an affair with the killer about which she is ashamed. More importantly, she is receiving threats of harm to her ill mother and mentally challenged brother if she reveals the relationship to anyone. Mandy continually rebuffs Danny, although it becomes obvious that the attraction is mutual. Regardless of the growing feelings between them, she must keep her secret from the charming, sexy and ever persistent Danny. She wants to trust Danny but fears what he will think of her because of the affair. People begin disappearing and it appears that the killer is preparing for another of his ritualistic murders. It soon becomes apparent that the killer is obsessed with Mandy. Will she be able to keep her family safe? Will Danny be able to protect Mandy? Will the killer deprive Danny and Mandy of a future? Jayne's story is told in *Midnight Exposure*, the first book of this compelling series.

LOVE, I just absolutely love Melinda Leigh's books. Her characters are the people you know. They have real life problems. Their problems have real life solutions. Melinda's characters are easy to connect to. The small town settings are somewhere you have been, or perhaps it is the place that you live. These factors and so many more make her books a pleasure to read. I also love the amazing dogs that she includes in her stories. The dog characters always have an amazingly large role. They truly are a character in the suspenseful tale that she weaves. I knew the moment that Danny looked at Mandy and said "Please keep talking to me, Mandy" that he had something that needed to turn into a book. The situation they were in when he said this had the potential to really mess him up. Danny has just recently returned home from Iraq. His war injuries have left him feeling like a burden to his family. He no longer feels whole. Danny returns to Huntsville four months after the night he meets Mandy. His sister is still having problems sleeping. The trail for finding her tormentor has run cold. He wants to help in some way and he is hoping that a trip to where Jayne's nightmare began may get the Sullivan family some much needed answers. Mandy has some secrets that she is determined to keep. The secrets that she is keeping are protecting not only her life, but the lives of those that she holds dear. She has a daily reminder of the harm that her poor decisions

cause. Every time she sees her friend Jed she can't help but think about how she has caused all of his current problems. The added stress of being the person solely in charge of the inn does not help her blight.
