I just received these today, and I am in love with them! I love the vibrant artwork and the beautiful, affirming messages. I have been looking for and hoping for an inspiring, new deck of affirmation cards. My first ever deck of affirmation cards was the lovely Juicy Living Cards by SARK. Then, I found and loved Cheryl Richardson's My Daily Affirmation Cards. And then I moved on to Power Thought Cards by Louise Hay. At some point, I usually begin to feel like the cards have served me well enough and it's time for them to help others, so I begin giving them away to friends and family in cards or letters. And then I need a new deck for me. This deck is perfect for my next deck and my

next stage of life! Thank you, Kris and Lori, for creating these!

Beautifully made! Kris Carr writes eloquently on 52 cards. Her messages are all encompassing. The artwork is divine and welcoming. A glorious hug of comfort & joy to greet you throughout your day!! Enjoy !!

I absolutely love this card deck! From the moment I unwrapped them, I felt nothing but love. The messages I have received from the deck have been so spot on too! On top of the lovely messages, the paintings on the cards are enchanting and make me so happy! I will be using these cards daily and plan on purchasing artwork from the artist, Lori Portka. Great vibes all around :)

I just love this deck of encouraging words. It really is rather impressive - not only does each card have a great nugget of wisdom and encouragement that I agree with, but each one also has a lovely little piece of cheery colorful artwork. And they are all different! It looks like so much work and love was put into this project, I still can't believe it's as inexpensive as it is. I plan to keep the deck at my work desk for myself, and purchase a few more for gifts. I'm so grateful to have these!

I am in love with the concept of love notes from your inner self. How often we could be easily and swiftly guided in the right direction on a constant basis, if only we would listen and take notice! Carr has created a wonderful 52 card deck that will steer your inner navigation in record time. No faffing around trying to interpret the meaning of cards, just pick a card and go. No delays. The Crazy Sexy Love Notes are like a hug whenever you need it. I can vouch for that, having just put them to the test:- Someone just asked what I thought of something, so I gave my honest opinion. It made them annoyed, I felt, leaving me questioning my sharing the truth with that person. I held the vision of the situation in my mind, and selected a card. I received two cards, actually:- Tell the truth and Unplug. The wisdom on the reverse of the card reassured me. Here is a snap shot:- While honesty may lead to short-term discomfort, your long-term peace and happiness are worth it. The additional card was Unplug. I was wondering if to take a short break to realign myself. Here is a snippet:- Connect with yourself by disconnecting from distractions such as other people's to-do lists. There seems to be a card for every situation and they are the most grounded deck I have come across, whilst still helpful for aligning to intuition. The illustrations by Portka are truly fabulous and bestow pure enjoyment. Clearly considerable thought has gone into the wisdom and depicting such, marrying the two for a truly lovely deck. The images and words allow you to understand and take advantage of

each window of opportunity. The visuals draw you in and allow for the opening and acceptance of greater good in your life. The deck arrive in a quality strong box and the cards have a lovely silky, yet matt feel to them, so you do not see fingerprints on them, and the cards do not stick together.

It's hard to put into words why I love Kris and this deck. In the world of eating clean and green and new age healing.....there are ideologies and authors ranging from à œhackâ • to really really way way far out there (even if they're right, they're still out there) . For me Kris is the genuine middle ground. She is an authentic person delivering a good solid message. I dedicate more time and energy into taking care of myself than most, but I'm not ready to leave coffee and sugar behind and meditate 4 hours a day either. I guess that's why whatever Kris seems to say always ends up applying to me because I think that's the crowd she runs with. That being said these cards have meaning full but often overlooked reminders that details matter and the only way we can stay focused on the bigger picture is stop and check a mental to-do list. For me this deck is it. You can simply check in and move on with your day or you can take one to heart and really work at it. See, a nice middle ground. The cards themselves are well printed, durable, and silky smooth for durability for anyone who wants to shuffle, daily handling, packed in your camp gear, or for display on your fridge. These suckers will take a pounding. I left the sun roof open in my car and they got rained on and soaked floating in a puddle on my passenger seat all night! The box barely took a hit and the cards dried out super nice! How could you NOT love these?
