# General, Organic, And Biological Chemistry, Hybrid (with OWL 24-Months Printed Access Card) (Cengage Learning's New Hybrid Editions!)

## Synopsis

Succeed in chemistry with GENERAL, ORGANIC, AND BIOLOGICAL CHEMISTRY'S clear explanations, engaging visual support, and easy usability. Ideal for allied health majors, this hybrid version of the Sixth Edition emphasizes the applications of chemistry and minimizes complicated mathematics. Early chapters focus on fundamental chemical principles while later chapters build on the foundation of these principles, developing the concepts and applications central to organic and biological chemistry. Mathematics is introduced at point-of-use and only as needed. This cost-effective learning solution includes the textbook, the Cengage YouBook (a media rich, interactive eBook), and access to the OWL online learning system, resulting in a briefer printed text enhanced by online tutorials, simulations, randomized homework questions, videos, a complete interactive electronic version of the textbook, and more! An access code to OWL and the Cengage YouBook is included with the text.

## Book Information

Series: Cengage Learning's New Hybrid Editions!

Paperback: 944 pages

Publisher: Cengage Learning; 6 edition (January 18, 2012)

Language: English

ISBN-10: 1133110649

ISBN-13: 978-1133110644

Product Dimensions: 10.7 x 8.4 x 0.8 inches

Shipping Weight: 3.8 pounds (View shipping rates and policies)

Average Customer Review: 3.0 out of 5 starsÂ Â See all reviewsÂ (5 customer reviews)

## Customer Reviews

Not enough example problems. Leaves you with unanswered questions. Could be much better. Text is not as clear with explanations.

As far as science books are concerned, this one was one of the best textbooks based on the material. There could be more examples of sig figs, but there are a lot of questions with the online learning (recommend it). Overall, this book is fairly easy to grasp for someone who has experience

in science classes, but I feel the material and explanations may not explain enough for a science rookie.

Best price for required book I could find. Arrived in perfect condition.

Wrong textbook.

This book was helpful but it could have had more work problems. I needed a lot more practice, most math books have practice problems at the end of the chapter.
