The White Light Of Grace: Reflections On The Life Of A Spiritual Intuitive

Synopsis

Ever since she was a little girl, Lillie Leonardi could hear the whispers of angels. No one else could hear or see them, but deep down she knew they were real, and that they would help guide and protect her. She spent years pushing these visions aside, but on September 11, 2001, her life, like so many others, was forever changed. After witnessing a legion of angels at the Flight 93 crash site, she experienced an incredible transformation that opened her up to the magic, mystery, and miracles of life. And she gained the courage to share her story with others . . . In this decades-spanning memoir, Lillie reveals how she first uncovered her intuitive gifts. She explains how her ancestry, her strict Catholic upbringing, and other significant events impacted her spiritual evolution and faith in God. From understanding love and marriage, becoming a mother, and finding her true purpose and vocation in law enforcement to confronting separation, death, and loss, Lillie describes times in her life when she called on the angels for blessings, and others when she learned how to rely on herself. Throughout her journey of self-discovery, her realizations about forgiveness, self-acceptance, and healing unfold and offer divine inspiration for readers.

Customer Reviews

Lillie's story resonated with me. It felt like as if her life resembled mine when she spoke about her mom and dad and how she forgave them knowing the life path she had chosen. I understood my life through her beautiful stories of her life. As I wrote this review I felt the blissful warm in my heart and I know now that I have picked the right book at the right time to dwell deeper in my spiritual beliefs of angels and divine beings. I've always believed in angels few years ago and have been seeing signs of their presence. Lately I fell off the path and wanted some divine guidance and it came through Lillie. I am truly grateful for this 'encounter'. I recalled now that I felt calmer as her words permeated into me and I cried when I understood the connection of her life resonates to the understanding of my own. Perhaps some part of your life may be guided as you read Lillie's stories.

There is a certain calmness I felt as I read Lillie's first book, and this one is no different. Each chapter of 'The White Light of Grace: Reflections on the Life of a Spiritual Intuitive' was a glimpse into her life, and the many trials and tribulations she experienced along the way. Though each chapter of the book was well written and intense; there were two chapters that really stuck with me personally. In 'The Origins of Grace' she spoke of the loving relationship shared with her grandmother Situ (Arabic for Grandmother), who inspired her to believe | to have faith | and to pass the legacy on to the next generation. Lillie believed that this has been a blessing on her family to have these gifts. I was raised by my grandmother and thought about the foundation she laid for me growing up. She saved me and gave me a normal life. Her dedication, love and wisdom was the cornerstone in my life as a woman, wife, mother, and grandmother. In 'First Tour of Duty' she talked about the moment she was leaving to get into her partner's patrol car, when her dad called her back to give her a pep talk. His words were powerful and full of meaning that would resonate throughout her life. I visualized what it must have felt like having a father who not only loved and prayed over his children, but gave them advice that would resonate throughout their lives. Since I have very little contact nor a relationship with my own father, I relished the words of wisdom Lillie's father bestowed upon her. How I would've savored a bond like that with my own father. As a Christian woman, I believe that not only are Angels among us, but are messengers from God. This book is a must read if you are a believer of Angels and divine beings. Additional Review:[...]

I loved this book as I did the first. I feel such comfort reading Lillie's books. Thank you for sharing your experiences with us.

Beautifully written and poetic. I felt every emotion, struggle and triumph of the author's journey. This book is a treasure.
