I was really looking forward to reading this book but after only a few pages, I stopped. I began to have an unsettling feeling which was very disappointing because much of the content seemed like it was on point. But like another reviewer said, there was a lot of old paradigm references to battles, and armies, and even Satan. For me, personally, a red flag went up when I read things like, "I am your Commander..." No, I strive to be a sovereign being and the "commander" of mySelf. "Metatron" goes on to say, "I am here to give you the Voltage to expand your vessels. I am here to expand your light." I believe that *I am* the One in control of increasing my voltage and expanding my light and I will not give my power away to another being. In the book's defense, Love is emphasized as well as many other concepts that felt right. However, the channel for "Metatron", and the author of METATRON, THIS IS THE CLARION CALL, admits at the beginning of the book that he kind of stumbled into this channeling and the "process is simple". Ironically, two pages later, "Metatron"

says this: "There is a layer of negativity on the Astral Plane. Which has confusion and whispering of negativity and disruption and confusing Spirits who do not know who they are, for they have not reached for the light. This is where you get an awful lot of your psychic information from in the beginning stages. And there are many who have not purified their vessels that rely on this information and are misled and become tortured Souls because they are not connected into their source." I have a dear friend who was deceived several months ago by entities who mis-represented themselves at first. Trust me when I say she became that "tortured Soul" for several months before she was able to rid herself of these lower astral beings.
