Synopsis

Here's Pike at his best Masonry is permeated with powerful symbolism-both verbal and pictorial-that arouses the mental, spiritual, and intellectual life of those who use them. This extremely interesting study, once limited to 150 copies, gives the correct spelling of, and analyzes all the "significant words" (pass words, etc.) in, the Scottish Rite from the 1st through 30th degrees inclusive. In addition to being an etymological dictionary Pike explains WHY any given word was chosen for a given degree thereby revealing THE HIDDEN SYMBOLISM OF EACH WORD.

Customer Reviews

I would't even give this one star if it weren't necessary for writing a review. I didn't get a chance to enjoy the book because it's of such a low quality. The pages are rotated 90 degrees, the print is small and basically unreadable. I requested a refund immediately after this downloaded onto my device.

Not worth the money, in my opinion. The book appears to be a series of images of pages; each "page" of the Kindle book is half a page of the original work; and to top it off, the pages are all rotated 90 degrees counter-clockwise, so that "top" is to the left. Text-to-speech is enabled but the book contains absolutely no machine-readable text. It is not searchable for the same reason. It's not so much a book as a bad joke.
