What fun! This is my favorite to date of the series set in fictional Aloha Lagoon, Kauai. Each book is by a different author and this was my introduction to Beth Prentice. I will be looking for her other books as soon as I finish this! This story is well summarized in the book description but let me add that the main character, Sam, is just fun to spend time with. You can't always say that, even with a cozy. Get it now! ps - although I received a free copy in exchange for an honest review, I forgot I had preordered it at the special 99c price. That one arrived today and I decided not to return it because I thought the fun I had was worth that small bonus for the author. Is that a ringing endorsement?!

Another good story about Aloha Lagoon. This time, the lead character has just moved to Kauai to be with her family. She takes the first job she comes to-surfing instructor to children at the Aloha Lagoon. Of course since she hasn't surfed since long before she left Sydney, Sam has some catching up to do in her technique. Before she has much of a chance, she is hit by a dead man who is surfing the waves where she is teaching. Since he was a patient at the nursing home where her mother and brother work, things don't go smoothly. When a second body is discovered, the questions start all over. Both her mother and brother were beneficiaries in the wills of the old gents, and now both are suspects in their murders. Fortunately, Sam has made a couple of good friends who are willing to help her sleuth and try to figure out who the murderer/s could really be. Her mother's boyfriend is one of many suspects as she discovers he doesn't always tell the truth! Then there are a couple of guards at the nursing home that she suspects as well as the manager and another nurse! So many people. Sam struggles to figure out the truth before Detective Ray puts her family in jail. A good mystery with a little romance, nice family feelings, beautiful scenery and appreciation for the island, and some great chuckles. If you haven't read the other books in the series, you can still read this as a stand-alone book. However you will enjoy it more if you have read

the other books and know the people who are part of Aloha Lagoon.

What an awesome book. I absolutely loved it. I have read the other 2 books in this series and I love the way I feel as though I am in Hawaii even though I have never been. Sam is such a likable character and so funny is how she conducts her life. I wish I was a little like Sam. Teaching a class she is not qualified for is just the beginning of this incredible story. I love how closely her family is involved in her life and Casey. Oh wow.

Spend some time in Hawaii, you will be glad you did. Our young protagonist is starting over in Hawaii. Her mother and twin brother are already living there. Some surprises, some are easy to guess, others are not. The story is entertaining and engaging. I look forward to reading more from Beth Prentice.

I loved this book. Its the 3rd book in the series AND let me tell you all 3 are GREAT books. The characters are all the same in the 3 books that i have read. I cannot wait for the next book to come out. Must read

Samantha recently moved from Australia to Aloha Lagoon, Hawaii, to be with her family â her mother and her twin brother. While her mother and brother both work at the local nursing home, Samantha needs to figure out what to do next with her life. Moving home with no car or job, Samantha quickly finds a job at the local resort as a childrenâ™s surf instructor â but since sheâ™s not surfed for quite some time and never taught surfing, Samantha has to do her homework fast! But on her first day as a surf instructor, a dead body of one of the nursing home residents washes up on shore, followed by a mysterious inheritance to her mother, who quickly becomes the prime suspect in the murder. Samantha has to find out who the murderer is before her mom is arrested. A great read!

This is a great book; this is the third book in the Aloha Lagoon Mystery series written by Beth Prentice. Samantha Reynolds moved to the resort town of Aloha Lagoon hoping to have an exciting new life. Even though she doesnâ™t have a job and living with her mom. She ends up finding a job as a childrenâ™s surfing instructor. When a dead body washes up on shore, her mom soon becomes the prime suspect. So Samantha puts her sleuthing skills to the test to find out what really happened and to clear her mom. This is a great book with a wonderful story and well developed

characters. This book will keep you reading long into the night. If you are looking for a great book, then you need to read this book. I am looking forward to reading the next book by this great author. A Review copy was provided to me in exchange for a fair and honest review. The free book held no determination on my personal review.

After a move from Australia to Hawaii, Samantha is back living with mom. Her mother and twin brother both work at a local nursing home, but Samantha, looking to change her life, lands a job as a surfing instructor for children. She doesn't let a little thing like the fact that she hasn't surfed in ages and has never taught surfing, discourage her. If being ill-prepared wasn't bad enough, a dead body washes up on shore on her first day. The body just happened to be a resident of the nursing home where her mom works. Add in the fact that the deceased left her mother a sizeable inheritance, making her mom a prime suspect in the murder, and Samantha finds herself tasked with trying to keep mom out of jail.
