Unto The Last Seed

Synopsis

#1 BESTSELLER Derrick Comeaux shouted into the night, "WHY?" His only answer was the echo of his question reverberating around the dark emptiness. Now, seemingly without any fortitude or desire to subdue his grief, his weeping turned into loud, wailing cries of sorrow. His very soul had been forever branded by an indelible iron, and something had happened to Derrick that night. At his darkest moment, from the deepest recesses of his grief, the first sign of a different emotion had been implanted--vengeance. Unexpectedly, a cool breeze swept across his face as though to wipe away his tears and restore his composure. Though his grief was still present, he was vitally aware that he was alive and there were people depending on him. He would not let them down!

Unputdownable. Thatâ™s my best word to describe "Unto The Last Seed" by Craig Leonard, Sr. What an epic story â what a writer and storyteller. This book sucked me in from paragraph one, taking me back to the Great October Storm, the 1893 hurricane that devastated Cheniere Caminada, then forwarding me through a 100-year blood revenge battle between two Cajun families, and into the modern-day hearts of innocents. Plausible plot, well-developed characters, and a descriptive writing style whose rhythm intensifies and then wanes at just the right moment â this oneâ™s a must read.

Very hard to put down! The details of every scene make you feel like you are right beside the characters. The reader can smell, see and hear the action! It combines love of family/friends and

one's heritage; romance and mystery; and an evil thread. I anticipated a different ending, but was surprised, if not shocked, by it. Not being an avid reader, I'm so glad that I did not miss this read! It was hard in the most suspenseful parts not to read too quickly and miss the very vivid descriptions the author so craftily wove into this book. I look forward to a sequel!

I read this book in two days. It was impossible to put down! The chapters are short, so if you must take a break, you can wait to finish the chapter. The book is a mixture of all emotions- Happiness, sadness, excitement, fearfulness and so much more. Your imagination doesn't have to wonder with this one. The book is written in great detail. The author does an amazing job "painting the picture". If you are from the south, this book will especially hold a special place in your heart. It reminds us what family is, and if we forgot, what it should be about. But... the ending is almost torture! I can't wait to find out what happens next! When is the next book coming out?!?

A must read! This book had me living in the moment! I couldn't put it down and read it in 2 days. You'll stay in constant suspense looking forward to what happens next. You'll find yourself in the swamps and marshes alongside the characters. Reading this book will definitely take you into Cajun country and give a glimpse of what it is like to live in such a wonderful place. The author did an amazing job of making sure you were there in the moment

This is one you can't put down!!! The twists and turns keep you turning the pages, waiting to see what happens! Unto the Last Seed is an exciting historical fiction novel that contains vivid descriptions by the author that make you believe that you have been transported in to the heart of Cajun Country!!! From the beautiful serene swamps to the pesky mosquito's, you feel it all!!! Can't wait for the next novel by this up and coming author!!! Craig J. Leonard, Sr has now become one of my favorites!!!

I absolutely love this book! I'm not one to find time to read and boy I'm sure glad that I picked up this book! It had my heart pounding like I was enduring the action of the story. It was so effortless to put yourself there with the characters. My heart hurt and then next thing I knew I was smiling and back to my heart pounding. I am born and raised in Golden Meadow, La...It was so well written that I was transformed into all scenes as I also remember it growing up in this fantastic town..."God'sCountry"...I love this book....So well written and such a fantastic story that brought you to Cajun country. It is torture waiting on a sequel!! I have to say, I can see this story on the big

screen!!!

Unto The Last Seed has everything a reader could want...action, romance, mystery, family, and beautifully written descriptions of the bayous and marshes which provide the exciting setting of the book. The characters are real, believable, and at times, despicable. I read the book in two days...staying up late and reading until I couldn't hold my eyes open any longer. The author has an obvious love for and understanding of the Cajun culture, making the reader feel the same. I didn't want it to end, and I hope there will be a sequel. I want to go to south Louisiana and see it all for myself! A great read. I highly recommend reading this book.

WOW This book is amazing living in the south i related to every word written. The writing of this novel was so descriptive that it put you in the swamp or in the camps or pirogues Craig Leonard Sr did an amazing job. My emotions were all over the place not wanting to put it down till i had read the last page. there were lots of surprises. It made me wanting more. Hope this turns into a movie.
