# Approaches To Peace: A Reader In Peace Studies

## **Synopsis**

Approaches to Peace: A Reader in Peace Studies, Third Edition, provides a unique and interdisciplinary sampling of key articles focusing on the diverse facets of peace and conflict studies. Featuring both classic and contemporary work, it enables students to read highly influential articles while also introducing them to the most current perspectives in the field. Timeless classics from Leo Tolstoy, Martin Luther King, Jr., Gandhi, and Henry David Thoreau are included alongside contemporary pieces. Updated to address current concerns, the third edition incorporates fourteen new readings. Ideal on its own as a foundation text in any introductory peace studies course, Approaches to Peace, Third Edition, is also compact enough to use as a supplement with more specialized readings. Each selection is prefaced by a short introduction highlighting the author's background, the work's historical context, and the selection's significance in terms of the "big picture." Study questions and a list of suggested readings at the end of each chapter also provide useful resources for students.

## **Book Information**

Paperback: 336 pages

Publisher: Oxford University Press; 3 edition (July 17, 2013)

Language: English

## **Customer Reviews**

I really liked this book, I had it for Peace Literature and get I learned a lot. I really like that it covers approaches to peace but also the difficulties of attaining peace rather than making it seem like such an easy thing. Definitely useful for English and government majors!

This book had some of the most painfully written sentences I have ever laid eyes on. The language and sentence structure requires so much more effort than it should. Simple topics are dragged on

for SO much longer than they should. It was near impossible to read anything from this book when it was assigned. My instructor would post 30 page articles found online that were so much easier to read and understand than this. I do not recommend this book unless you are VERY experienced in the English language and don't mind challenging yourself.

Came quickly and in great condition. The soft cover is a lot smaller, but is worth it as it saves you a lot of money.

I think I should have bought the book instead of renting it

Interesting book
