## Customer Reviews

Clear, easy to read. If you don't know about philosophy or can't even read it, this book is an easy format in a very simple language.

Had to buy this as a text book for a course I am taking. Really not my preference for reading.

Unfortunately, I was forced to purchase this book for a philosophy course I'm currently taking. This book is is meaninglessly obtuse. The does not, at any point, offer anything in the way of definitions for the terms he's writing about. This is truly one of the worst texts that I've ever had the displeasure of reading.
