Introducing Public Administration (6th Edition)

Synopsis

Shafritz, Russell, and Borick cover the most important issues in public administration with a witty writing style and examples drawn from different disciplines and modern culture. This approach will captivate students and encourage them to think critically about the nature of public administration today. Introducing Public Administration provides students with a solid, conceptual foundation in public administration, and contains the latest information on important trends in the discipline. To further engage students and deepen interest in its narrative, the text uses unique chapter-opening vignettes called "Keynotes," chapter ending case studies, and a series of boxes throughout that offer real-life excerpts and alternative theories.

Book Information

Hardcover: 608 pages

Publisher: Longman; 6 edition (March 22, 2008)

Language: English

ISBN-10: 0205607675

ISBN-13: 978-0205607679

Product Dimensions: 7.7 x 1 x 9.6 inches

Shipping Weight: 2.4 pounds

Customer Reviews

This book is very poorly written and with an obvious bias. I was surprised to see things like claiming Moses as "the beginning of modern bureaucratic structures." Apparently, "Jethro's advice of putting able people to be 'rulers...' was followed by the ancient Roman army" (whom I didn't know read the Bible for advice). I also don't understand why it needs a picture of Charlton Heston (as Moses) and a paragraph about how he supports gun rights and helped getting Bush elected.(p206-207) What about "President Richard Nixon takes time out from subverting the US Constitution..." (p179) or how every time period in the US was based on federalism until 2009 when it changed to "Stimulate the economy" with "massive federal funding" (p139). I wonder whose term started in 2009. There's also

a section called "The Obama Revolution - The Return of Big Government" (p103) The section called "Writing Your Way to the Presidency: John F. Kennedy Compared to Barack H. Obama" which says things like "Now Kennedy's ghost [writer] was ghosting for Obama. How sweet!" (p19) On page 5 it asks "Has the election of President Barack Obama to the presidency changed your attitude toward public servants and public service careers?" This must be a very pressing matter of debate within the public administration sphere that I wasn't aware of. I've also never considered Andrew Carnegie an "important philosopher" (p114), but maybe I'm just not as well-read as I should be. I also didn't understand why there was a long explanation on Ayn Rand and objectivist thought, who I thought would be largely irrelevant to public administration.
