## Customer Reviews

A rip off- don't buy this- there are only two books in her mystery series and you can see them when you search on the author. I liked those two books and hoped there were more so that is why I wanted to see the list. Maybe you need them for the Tony Hillerman series which is many more books, to get the books in order but they are just capitalizing on it for this. I didn't read the reviews until after I had ordered it or I would have seen what it is.

This was a complete rip off. Who needs to pay for a list of books and the order they were written. Glad it was only .99 cents.

This was a waste of 99 cents! I could have figured out 2 books! I was looking for a complete list of ALL the Leaphorn, Chee books the author should be ashamed.

Complete waste of money. should be giving this away.

A waste of .99. Just a list. A real rip off.

Ann's dad, Tony, is my favorite author with his American Indian Tales. My late brother was a Highway Patrolman in OK, and he verified the actions of the Tribal Police...who were not his favorite people to attempt to work with.

its just the order of books chronologically

I am a Tony Hillerman fan, and Anne Hillerman is just as much fun and interesting.
