Customer Reviews

What's better than a complex thriller featuring an exceptionally clever detective? How about three thrillers featuring that same detective for the price of one? Roger Stelljes gives readers a triple dose

McRyan helps catch the serial killer, but he soon realizes that both cases have a lot of loose ends and are actually part of a massive conspiracy involving a large multinational corporation. Deadly Stillwater: The crimes are a bit more down-to-earth in this novel. The college age daughters of the St.
