I had read some titles by Silver RavenWolf, and purchased this one. I can NOT recommend this book to anyone in good conscience, and I have so many problems with this book; I hardly know where to begin. Ms. RavenWolf is into getting you to practise her spells instead of giving you the knowledge and tools to write your own. Simply reading the words without your intent and energy behind them; you might as well say Hocus pocus!, Shazam!, Abracadabra!, etc. I am very disturbed by the fact that the author did not even devote one sentence to discussion of the Rede, and

teaching the newbies the "ethics" of magic. All magic has a boomerang effect. What you send out is visited on you.I need to speak to a few matters in the book.Page 20: "She is the Maiden, Mother and Crone, Shr is the sacred trinity of all religions, Indeed, She is the Holy Ghost"I am a devout Pagan, and have no love lost for the religion calling itself "christianity" today. However; this sounds as if the author is trying to confuse young people that Wicca is compatible with "christianity".Before a person has reached adulthood; Neither I nor anyone else have the right to interfere with the spiritual guidance of your parents or guardians.Page 122: altar layout illustrationThe altar layout is entirely too complex. Many people do not have all of the tools or feel the need for some of them. Do not become concerned that you can't do magick because you do not have hundreds of \$ to spend on tools.Start where you are.
