Gurps: Traveller

Synopsis

Marc Miller's Traveller is one of the most fully realized game backgrounds ever created...a vast empire of over 11,000 systems, with a turbulent history dating back thousands of years. Locales can range from a crowded spaceport to a lonely frontier outpost, from the teeming cities of the Core to the unexplored worlds on the edge of the Great Rift. Characters can be merchant princes, diplomats, soldiers, politicians, nobles, criminals...or all of them at once. Political intrigues, trading schemes, mind wrenching alien enigmas, mercenary raids, wars...almost anything is possible.

Book Information

Paperback: 176 pages

Publisher: Steve Jackson Games; 2nd edition (1998)

Language: English

Customer Reviews

One of the worst features of the original Traveller(tm) was that you had a bazillion books to go through. Here, Steve Jackson has coalated the info into easily found bits [with usable index!:]plus something that was never included in the originals; plot hooks. However, if you are a die-hard Traveller player, the system is GURPS, but if you are merely looking for a way to keep the info organised, I recomend ALL of the Traveller books put out by SJ as must haves!!

This role playing game(RPG) is over ten years old, but still valid; for RPG collectors. Well worth the purchase price.
